UNIVERSAL SACFFOLDING LLP

UNIVERSAL GROUP

OUR SERVICES We manufacture the highest quality scaffolding equipment and custom access products including complete scaffold engineering and CAD design services, all backed by our industry-leading customer support. From independent contractors to some of the nation's largest contractors, our team has the capacity and expertise to add value to any organization. We engineer better, safer and more efficient ways to accomplish objectives through custom access solutions. UNIVERSAL SACFOLDING LLP WHOLESALER & BUYERS MANUFACTURES DEAL IN ALL TYPES OF SACFOLDING MATERIAL Our rentals division, serves general and specialty contractors with the safest highest-quality scaffold rental products

A large stack of orange scaffolding poles, likely made of PVC, is shown in perspective, filling most of the frame. The poles are stacked in several parallel rows, creating a textured, layered effect. They are a vibrant orange color with some minor wear and slight discoloration at the joints.

UNIVERSAL SCAFFOLDING LLP

A large stack of blue scaffolding poles, likely made of steel, is tied together with several white straps. The poles are arranged in a grid-like pattern, showing their hollow interiors and various fittings. The background is dark, making the bright blue poles stand out.

UNIVERSAL SCAFFOLDING LLP

A large pile of blue scaffolding poles, likely made of steel, are stacked in a somewhat organized manner. The poles are connected at various points by metal couplers, which are secured with yellow and gold-colored nuts and washers. The lighting highlights the metallic textures and the vibrant blue color of the poles.

A large advertisement for STONIC plywood. It features a black and white photograph of a construction site with workers and cranes. The STONIC logo is prominently displayed in the top right corner. The text "PLY THAT GIVES RISE TO STRONG BUILDINGS OF TOMORROW" is written in gold letters. Below the main headline, there are several sections of text for different types of plywood: "THIN FACED SHUTTERING PLYWOOD" and "FILM FACED SHUTTERING PLYWOOD". At the bottom, there are five circular icons with text: "HIGH GLOSS FINISH", "MAXIMUM REPETITIONS", "ZERO DENTS", "HARDWOOD 100 %", and "100% CORE GAP FREE".
